1. Now I come and I call and I confirm. I confirm and I come and I call. I call and I call and I call. I confirm that I come and I come and I call, and I confirm that I call and I confirm, and I so often ask and I beg and I plead.

So often I wait so patiently for the words of my people to come to My ears in love and tenderness; seeking Me, seeking who I am, seeking My judgment so that I can judge and act and tenderly crucify, begin to crucify that which crucifies them, to arise them into My place that I have called them.

Oh yes, tenderly, tenderness, tenderness, tenderness I am, tenderness I want to be—calling the insensitive to Me, calling the sensitive to me, healing their hurts, their wounds, their past, their expectations once so vibrant, now stilled by arrows of the enemy. I love you.

2. Thank you for going where no man has gone and taking so many with you where they continue even after you, walking on you as a bridge into Me. I love you. Thank you. Thank you. Bridge be. Thank you. I come and I call and I confirm.

3. Your prayers about authority and judgment are true, righteous, and altogether necessary to come into the secret place of places. I love you.

4. Bringing, regal-ing, maturing giants for Me. Thank you. Sergeants and generals.

5. Shall the clay say to the potter "fashion me thus?" No. Enjoy My calling and election sure, enjoy who you are, where you are, what you are doing, and let Me flow. Let Me shine through you, radiant as a morning star, wherever you are, even now in your circumstances seeming so depressing, circumstances which loom to speak of reality, but fail.

6. I am God. I am Me and I love you and no circumstance can withstand the power of My word, the power of My heart coming forth through My mouth into space, creating, creating, creating by the power of My mouth, creating. I love you.

7. See Me, see you, see you and Me, see Me and you, see My flame igniting, accelerating, rocketing you into outer space with only Me. Ride with Me, soar with Me. Think not, dwell not about the limitations, the delimiters with boundaries that so impenetrable seem. No boundary can hold Me, no wall can stop Me or you. Watch Me. I love you. I give you Me. Peace be upon you this day.

8. My words, yes, (laughter) My words, yes—love bullets carrying Me, particle'd Me, particles of Me—Me exploding into My Mine, radiating throughout My Mine, from My Mine to each of My Mine, all from My Throne. I love you. I bless you and I give you Me.

9. Love this day for I have given it to you—the flowers, the colors, the hues, the friends, the smiles and what ever you don't have is in Me.

10. What ever you want to see, see in Me. See Me as your source, the source of all sources, primary, providential, positive and becoming more so. I love you dearly, deeply.

11. Despondency flees with the word of My mouth, My love emanating powerfully in solid form through the words of your mouth. I love you. I give you Me.

12. Have it [WeekWorks] here [Trinity] and enjoy Me. Enjoy Me. Enjoy the works of My hands and the hearts knit together through the seamstress-ing of My hand, sinew of only Me. I love you. Music, laughter, fun and games, serious relationships, positive foundations in only Me coming forth, building towers, wave lengths emanating, radiating of only Me, powering My Mine, archiving, retrieving instantaneously—watch Me. I love you. I love you.

13. London powerful, positive, enjoy Me. I provided, I am, you are. Love on them and let Me flow and enjoy what comes forth. I love you. Adrian [Lewis] of Me, see. See, enjoy, friendships many.

14. Many relationships come forth now through those who will not hold onto Me, hold onto Me, control Me, and selfishly be with Me, but let Me flow in such glowing, gleaming, sparkling, radiating power. I love you.

15. Thank you for being Me increasingly, judging Me and asking Me to judge you, giving Me authority over every particle of your enterprise, enterprise replete. Enterprise grows, enterprise globalizes now in My Spirit, through Me, the word of My mouth, My body, My capillaries, watch Me. I love you. Enjoy the day. Enjoy Me. Enjoy My sunshine. Enjoy My rain, My clouds, My shade, My hues, My vibrations which reverberate the word of My mouth in you, in My Mine. Sound waves coming forth at frequencies of only Me. You will see. Watch Me. (laughter) Motorcycles and mainframes of only Me, yet to be compared and construed (laughter), and the joyful creations of Me. I love you. I love you.

Great polarity, great positions of power, great meekness required. Thank you for giving Me your all. I give you Me. I give you My all and I thank you for yours, and bringing them all to Me, all I have given you. I glorify you as you glorify Me. Glorify in the work

of the Cross, redemption, the blood, coming, covering, speaking, washing, cleansing My Mine from every tribe and nation, every tongue, every tongue. I love you. Good Day.
